[github.com/leenick001](https://github.com/leenick001)

•

A committed and meticulous Front End Developer with success in delivering projects on time, meeting KPI's and specifications.

Experienced in React, JavaScript, WordPress and GitHub while working in an Agile environment using Jira.

A problem solving team-player, actively contributing ideas and solutions during meet ups to ensure projects are completed to the highest standards.

Keen to join a forward thinking company where I can utilize my existing skills to ensure Web projects are delivered on time within budget.
